## UDIA NSW Austral Bricks Awards for Excellence Winners 2011

The Urban Development Institute of Australia NSW (UDIA NSW) was pleased to announce the winners of the 2011 UDIA NSW Austral Bricks Awards for Excellence (the Awards) at their gala dinner on Friday 19 August. The Awards are a high profile annual program that recognises and rewards excellence within the urban development industry.

UDIA NSW CEO, Stephen Albin said "the awards are a great opportunity to recognise the exceptional performances in the industry. Despite the slow NSW market the Awards continue to attract a high standard of nominations and winners that display excellence in development. The industry has shown resilience and innovation in tough market conditions."

The Awards for Excellence program encourages diverse, creative and innovative responses to the development industry and community as a whole. UDIA NSW congratulates all of the 2011 nominees and winners.
